Summary

Highly motivated and results-driven Full Stack Web Developer with over 2 years of experience designing, developing, and deploying robust web applications. Skilled in modern web technologies, including **Laravel (PHP), React, Angular, JavaScript, TypeScript, and MySQL**. Adept at contributing across all phases of the development lifecycle, from concept to deployment, delivering high-quality and scalable solutions. Recognized for strong problem-solving abilities, collaborative teamwork, and a commitment to continuous learning.

Technical Skills

Programming Languages

- PHP
- JavaScript
- TypeScript

Frontend Technologies

- React, Redux, Angular, jQuery
- HTML5, CSS3
- Tailwind CSS, Bootstrap

Backend Frameworks

- Laravel
- Laravel Microservices

- Python

- Ajax

Databases

- MySQL
- NoSQL

Tools & Platforms

- Git, GitHub, GitLab, Bitbucket
- Docker, RabbitMQ, Jira, SonarQube
- Microsoft Teams

Methodologies & Concepts

- Scrum, OOP, REST APIs
- SPA Integration, Version Control
- Agile Collaboration, UML Conception
- CMS WordPress

Design Tools

- Figma
- Photoshop

Professional Experience

Full-stack Web Developer

Mobiletic Suisse, Meknès, Morocco | October 2024 – Present

- Designed and implemented scalable full-stack web applications using **Laravel (PHP)** for backend and **Angular/React** for frontend, ensuring seamless integration.
- Developed and consumed **RESTful APIs** to optimize data flow and system performance.
- Collaborated with cross-functional teams in an **Agile environment (Jira)** to deliver features efficiently.
- Maintained robust version control using **Git (GitLab/GitHub/Bitbucket)**.
- Utilized **Docker** for consistent development and deployment environments.

Back-end Web Developer

Mobiletic Suisse, Meknès, Morocco | December 2023 – October 2024

- Developed and maintained robust backend services using **Laravel PHP**, focusing on microservices architecture for modularity and scalability.
- Integrated **RabbitMQ** for efficient message queuing and asynchronous processing, improving system responsiveness.
- Designed and implemented secure and high-performance **REST APIs** for client-side applications.
- Contributed to database design and optimization for **MySQL** and **NoSQL** systems.
- Participated in code reviews and applied best practices in **OOP** and clean code principles.

Achievements & Competitions

WorldSkills Lyon 2023 - Web Technologies Category

Lyon, France | Qualifier for National Test in Rabat, Ranked 2nd Regionally

- Demonstrated advanced proficiency in **ReactJS, Laravel, CMS WordPress, UML, and MySQL**.
- Competed under pressure, showcasing problem-solving skills and rapid development capabilities in real-world scenarios.

Education

Diplôme de Technicien Spécialisé en Développement Digital (Bac+2)

Centre Mixte Oujda OFPPT, Oujda, Morocco | 2021 – 2023

BACCALAUREAT - Sciences Physique Option Français

Lycée Almorabite, Outat el Haj, Morocco | 2018 – 2021

Certifications

- WorldSkills Certificate:** OFPPT (Top 20 National Competitors)
- Responsive Web Design:** FreeCodeCamp Certification
- JavaScript Algorithms and Data Structures:** FreeCodeCamp Certification
- Microsoft Office Specialist:** Excel, Word

Languages

- English:** Professional Working Proficiency
- French:** Full Professional Proficiency
- Arabic:** Native Proficiency
